MAINE

IN MAINE, the Business, Management, and Administration cluster will be the largest cluster overall, but Health Science will be the fastest growing. Jobs in the Health Science sector will increase by 16% by 2018.

Health Science will add the most jobs in Maine through 2018, while Agriculture, Food, and Natural Resources, Arts, A/V Technology, and Communications, Business, Management, and Administration, Manufacturing, and Transportation, Distribution, and Logistics will lose jobs.

In 2018, 40% of all jobs in Maine will be found in the Business, Management and Administration, Hospitality and Tourism, and Marketing, Sales and Services clusters.

High School Jobs in Maine, 2018

283,000 jobs

Postsecondary Jobs in Maine, 2018

393,000 jobs

- Arts, A/V Technology and Communications
- Business, Management and Administration
- Health Science
- Human Services
- Industrial and Engineering Technology
- Agriculture, Food and Natural Resources

The largest cluster—Business, Management, and Administration—will require substantial postsecondary education in 2018. It will grow by 3% for those with postsecondary education and will not grow for those without.

Jobs for high school graduates and high school dropouts will grow more slowly than jobs for those with postsecondary education.

In Maine by 2018, there will be about 68,000 jobs for those with certificates.

Certificates Required by Occupational Cluster in 2008 and 2018 (in thousands)
