

Virginia

- Between 2008 and 2018, new jobs in Virginia requiring postsecondary education and training will grow by 389,000 while jobs for high school graduates and dropouts will grow by 150,000.
- Between 2008 and 2018, Virginia will create 1.3 million job vacancies both from new jobs and from job openings due to retirement.
- 820,000 of these job vacancies will be for those with postsecondary credentials, 363,000 for high school graduates and 131,000 for high school dropouts.
- Virginia ranks 10th in terms of the proportion of its 2018 jobs that will require a Bachelor's degree, and is 28th in jobs for high school dropouts.
- 64% of all jobs in Virginia (2.8 million jobs) will require some postsecondary training beyond high school in 2018.

Job vacancies arise from two sources: There are brand new positions created as an occupation grows, and there are pre-existing jobs that people leave behind when they retire, or move into other occupations.

*Zero does not necessarily mean no jobs. Since jobs are rounded to the nearest thousand, zero means less than 500 jobs.

**Total jobs are a snapshot of the economy that shows where jobs are located by education type. They differ from job vacancies because total jobs are filled by people currently working in these positions who may not be leaving in the short-term to create a job opening.
